Opis nemovitosti

We are pleased to offer a part of a stone house, in the first row to the sea, in a stunning location.

The living area inside the property is 59 sqm, but the garden is 150m sq. The house is divided into a basement and ground floor.

In the basement of the house is a kitchen, cellar storage area, and access to the large terrace.

The ground floor has a bedroom, bathroom kitchen, covered balcony at the front and terrace at the rear.

The gardens, have many established fruit trees and have been beautifully landscaped, so terraces cascade down to the shore, just 15m from the front wall of the garden.

There is access to the property by car, parking, and is 500m from the nearest village centre with cafés, bars and other services for tourists and the local population alike.

The airport at Split is 30k away.

This property, in such a grade 'A' location on the mainland has massive potential.

Please contact the office in Split to arrange a visit and for more information.
