## Opis nemovitosti

---

Building plot of 6.544sqm on the hill above Primosten.

There is an excellent view of the old part of Primosten and the open sea view on the other side.

Pebble beach in Marina Port is less than 1.5 km away, and the airport distance is about 1 km.

The land is located on a gentle slope and thus enables a smooth arrangement of multiple objects (villa) that would have a sea view.

All utility connections are nearby ( telephone, electric and water connection).

Access to the property is by asphalt road.

It is possible to purchase part of the plot according to the existing sketch (parcelling of land).

The village is located 20 kilometers from the town of Sibenik, and its interesting architecture and crystal-clear sea attracts many tourists.

The international airport in Trogir is only 45 km.
