Opis nemovitosti

We are offering this building plot in the third row of property from the sea, in one of the most popular and beautiful villages on the island Ciovo.

It is located in the southern part situated only 70 meters from the shore where there is a sandy and pebble sea bed.

Access road is direct while all the infrastructure is located next to the land (electric, gas, water, drains etc).

The total area is 500 m2 and there is the possibility to construct a building with 3 floors - a spacious luxury villa with swimming pool or a small family house.

This is rare opportunity as there is a limited supply of land available for building which is for sale.

The entire island is a popular tourist destination, and the infrastructure is constantly being improved, so building a property suitable for renting is entirely viable.

The centre of the village is a short drive away, and the town of Trogir the UNESCO area, and the airport is around. 15 min. driving.

Please contact the office to arrange to visit this building plot.
