## Opis nemovitosti

---

We are pleased to offer this large building plot with sea views on the mainland near Primosten.

It is 400m from the shore, but elevated above all other buildings along the front by the gently sloping geography of the landscape.

The nearest village is Primosten, less than 10 minutes by bicycle, where there are shops, cafes, bakery and useful services and facilities for the resident population and tourists alike.

Building land is approx. 5000 m<sup>2</sup>, and has an access road located along the entire width of the land.

The land is suitable for building villas with swimming pools, each of which will overlooked the sea.

It has all the necessary infrastructure (electric, drains etc.).

The price is set at 130.00 euro /m<sup>2</sup>.

For further information please contact our office in Split and speak with one of our agents.
