Opis nemovitosti

We are offering this building land, suitable for 'single unit development' in the first row, near Zadar town.

The land has an area of 679 m2 and has the advantage of being adjacent to a public road and with all the infrastructure services already close by.

This part of town is still under developed but the construction documentation is easily available so building can start quickly.

The plot already has a constructed water tank and septic tank (valves, insulation, etc.).

In front of the plot is the shore and pebble beach but the area is being improved by creating a Riva walkway, which will become a path going to the village centre where there are several shops, bars and attractive family run cafes, just a few minutes walk from here.

Price €300/m2
