Opis nemovitosti

We are offering this very affordable house requiring renovation.

It is situated in the closest Kastella to Split - 15 minutes from the airport, 50m from the pebble beach shore, which looks across the bay to the island of Ciovo and Split.

It is within walking distance of shops, other useful services, bars and cafes along the shoreline.

This old stone building has a ground, first, second and third floor with a floor area of 114 m2.

The orientation of the house is north-west.

The ground floor has a separate entrance, and consists of one room and a bathroom.

In the rest of the house are the 1st, 2nd and 3rd floors.

They are connected with internal stairs, and the layout internally would allow the possibility of connecting all four floors.

On the 1st floor there is a kitchen, living room and bathroom.

On the 2nd floor and top floor there is 1 bedroom on each floor.

The house needs complete renovation, but is currently habitable.

Please contact our office in Split for more information and to arrange to visit this property.
