### **First line house by the sea**

Now increasingly rare on the market.

The house offers amazing views of the sea and the bay.

Walking along the shore there are quiet coves, natural rocky beaches all just a few steps from the house and the gardens are surrounded by mature Mediterranean plants that will give shade to anyone who is staying in this house.

The house is 120 m2 and it is located on a plot of 194 m2.

It consists of three bedrooms, kitchen, dining room and bathroom.

The state of the property demands it is necessary to renovate the house, but this is reflected in the price, indeed giving this great investment potential.

The house has all the necessary infrastructure.

The centre of the Dalmatian village is one of the most beautiful tourist resorts and is only a few minutes from the property.

There are excellent restaurants, shops, a shore side promenade and all necessary tourist facilities can be found close by.

The airport is 45 km.

Please contact one of agents as soon as possible to be escorted around this property.
