### **We are offering this fully restored, charming old stone house in the Palace, which consists of 3 apartments**

The house has been completely renovated - inside and outside - is well decorated, and the location itself is exceptional, especially if one wanted to continue its use in tourism rentals.

The building is shared with a neighbour, and the property comes with a small balcony by the entrance.

The first apartment is on the first floor and the other two suites are spread over two floors (second and third floors).

These duplex apartments have a common main entrance, oriented towards the south-east, and have views of the ancient Roman Palace and the cathedral.

On the first floor of both apartments they have a living area and bathroom and the second bedroom (floors are connected by wooden stairs).

The apartments are categorized with 3 \*; they are well furnished, equipped with modern interiors and air conditioned.

Total living area all 3 apartments of 110 m2.

All the main attractions of Split, and travel centres (ferry terminal, bus station, taxis etc) are within walking distance, and the area is entirely pedestrian in all directions, ensuring there is no disturbance or danger from traffic.

Please contact our Split office for more information and to arrange to visit the apartments.
