Opis nemovitosti

We are offering this building project with great potential.

There are two buildings with total a combined living area of 180m2, on 6.300 m2 of agricultural land in a secluded location with beautiful views.

The property is in a secluded area and is currently serving as a cottage/vacation house, but the potential here is the possibility to replace the current building with a small villa no larger than what already exists, but a swimming pool can be added.

700m from the sea.

The property has mains water supply.

Electricity is solar.

There is a car access to the property.

It is a direct 5 min walk to the bay, where beautiful clear and safe water awaits Near Stari Grad and Vrboska, which are both about 7 minutes by car.

Here there are many options of cafes, bars and restaurants, shops and other attractions.

For questions and to visit this property please contact CPS Hvar office!
