## Opis nemovitosti

---

We have this substantial agricultural land plot of 35.000 m2, in a beautiful rural location on Hvar.

Permission would be for a significant property of 400m2 and a swimming pool.

There are no existing services to the property, so electric (solar), water (cistern), a sewage (tank), will have to be a consideration in the plans.

The land currently has already olive trees (about 100 olive trees, which yielded 100 liters of olive oil last year).

On the plot are existing old stone house-ruins.

There is easy access by car from the main road on to the perimeter macadam road which runs around the whole property.

- the location is ideal for anyone looking for peace and beautiful countryside
- Sea View
- Close to the sea
