Opis nemovitosti

We are pleased to offer this land in a top position, a few steps from the sea, on the southern coast of Korčula.

The land has all the necessary infrastructure, it is located in a pine forest, with a separate private access from the road and with a magnificent view of Lastovo and the islets.

With its size (547 m2) and its shape this parcel is ideal for building a family villa.

The terrain configuration is a slight slope, and to the sea and eventual mooring for boats, you only have to make a few steps.

For all information about this parcel, please contact the CPS office in Split.
