Opis nemovitosti

Charming, renovated, old stone house in the center of an old Dalmatian village.

The house consists of two floors, with 36 m2 of living space and a yard of 6 m2. On the ground floor there is a kitchen and living room, and on the first floor you will find a delightfully furnished bedroom, and a small terrace.

The house was luxuriously renovated earlier this year, and is being sold fully furnished, with two plasma tvs and all household appliances. It also has built-in underfloor heating.

House has been modernly renovated, but old stone walls have been left behind to represent a truly unique mix of two vastly different time periods.

Do not miss out on this unique property, and contact our CPS office in Split to arrange a viewing.
