Opis nemovitosti

We are happy to offer these newly built apartments, in a location that is expanding each year.

There will be 3 apartments in total in the whole building. It will consist of a ground floor, 1st and 2nd floor and a roof terrace. There will be one apartment in the ground floor and 2 duplex apartments on the 1st floor with its own roof terrace.

On the 1st floor are 2 duplex apartments, with 4 bedrooms, 3 bathrooms, kitchen and living room area and balconies on both the south and north side. It has a nice sea view from the north side, but an even better one from the 2nd floor, not to mention from the roof terrace.

Size of these apartments will be around 110 sqm and the price will be **285.000€** each. Ground floor apartment will be sold fully furnished, while the upper apartments will be sold unfurnished, only the bathrooms will be ready. On the back side of the building is an outdoor swimming pool and a lounge area with a BBQ. For more options, water and electricity will be connected.

This location is very peaceful, exciting and all apartments have at least a partial sea view.

One other advantage of this location is that the new island road will be passing by, making transport even easier than it is and connecting the whole island.

There is only 300 m to the sea and a short walk to the center with its amenities.
