As ever, the flats higher in the block have the best views, but all the flats have sea views. Flats 7 and 8 have a gallery (duplex style), making them particularly spacious.

The block was built to a high spec, with attractive stone steps, stone balconies and railings. The bathrooms have a sympathetic bamboo flooring, and floor tiles and wood are prominent throughout the flats.

The entry doors are toughened, and the windows have practical aluminum shutters.

The centre of the town is 10 minutes walk but there are many coffee shops and bars, many of which are close. The ferry to and from the island uses the port at Supetar, and leaves, in busy times, every hour.
