Cena	350.000 €

Opis nemovitosti

Building plot with a valid building permit for luxury villa, on sea front!

We are pleased to offer this rare opportunity which is situated on the northern side of Brač island, 15 minute's from Supetar, the ferry terminal and largest town on the island.

It is probably the last remaining available plot along this part of the coast, and the land has been fenced off, with all necessary services nearby, ready for an immediate start.

The plot is 590m sq and the architect design includes a villa suitable for a large family, a garage and a swimming pool.

The residential 'footprint' is 156m sq and the garage 27m sq. The design is for a ground, first and second floor, with a total of 373m sq.

The sea is at the bottom of the garden, and the beach here is beautiful for swimming, with clear water and slight tides.

Please contact our office if you are serious about being involved in this building project.
