Opis nemovitosti

We offer this very spacious top floor apartment needing restoration.

It is situated on the second (top) floor of a block only 5 minutes from the centre of the city, walking distance from the main tourist area, the ferry terminal, the Riva, markets and the Palace.

The property is 105m sq and has a large hall, three bedrooms, kitchen and two family rooms and south facing balconies.

It would be possible to create two separate flats, should the owner wish, while doing the restoration work.

It would also be an ideal location for an office.

This apartment was designed in a grand fashion, with high ceilings (3.17m) wide corridor, balconies to the south, and this historic luxury could be recreated with a little imagination.

There is street parking, or a carpark (50m), and the airport, if you didn't know by now, is 40 minutes drive from Split.

Please contact the office in Split to arrange a tour of the property.
