Opis nemovitosti

We have this substantial building land plot with excellent potential in one of the most popular bays on the south side of Čiovo.

This area has very few undeveloped building plots, so this offers a genuine and rare opportunity to build the house to your own specifications.

The land has a total area of 560 m², and it is possible to build a house that has a basement, ground floor, 1st and 2nd floor.

On the upper floors would afford a breathtaking view of the sea and the bay.

Distance from the natural rocky shore is 160 m, where there is also the possibility of having a private mooring buoy.

The plot has direct access from the road and all the infrastructure needed is already adjacent to the plot.

The village centre has many shops, bars and other facilities, both for tourists and residents and this is just 3 minute's drive from the property, while the international airport is 20 minutes. driving.

Please call our office for further information, and we will do our best to answer questions.
