Opis nemovitosti

We are pleased to offer this very interesting and contemporary apartment in the penthouse/ (4.floor) of an old building in a quiet part of the old town of Split.

The entire floor on which the apartment is placed is actually an additional floor added to the existing old town building. With such a free hand the architect has created a wonderful light, airy and spacious apartment.

The total area is 72 m2 with a 10 m2 gallery.

It consists of an open plan kitchen + dining room + living room, hallway, two bedrooms, bathroom and gallery.

The dominant material is wood, and all the fittings have been chosen to give a warm and comfortable feel, but be practical also.

The photographs do not do the property justice.

The apartment offers views across the city, which include the sea, the main Cathedral, Marjan park and part of the old town.

The whole apartment is very sunny and airy and is being sold fully furnished, ready for immediate habitation.

Nearby there is a parking place.

A popular beach Bacvice is 15 minutes of walking, while all other facilities nearby, including the Riva, the Palace etc, but maybe more importantly, a 24 hour bakery, and some great bars.

The international airport is 40 minutes drive.
