Opis nemovitosti

We are very pleased to offer this attractive and large apartment on the second floor of an old town building in the city centre.

The apartment has a living area of 131 m² with an additional two balconies (4m² and 8m²), and consists of: hall, kitchen with dining room, spacious living room, bathroom, toilet and a plenty of storage.

In the basement there is an extra storage room of approximately 5 m², which belongs to the apartment, and part of the attic may also be used for private storage.

The property is well maintained and decorated, and in no need of redecorating, apart from through personal tastes.

Given the excellent location, this property has tourist potential but it would also be very desirable for permanent living.

The international airport is 40 minutes driving. Maybe a little quicker on quiet days.

For additional information or a visiting tour of this apartment, please call our Split office.
