### **PRICE REDUCED FROM 165.000 EURO!!**

We are pleased to offer this renovated stone house in a small village 1 km away from the sea.

The total living area is 95 m2 on three floors connected by an internal staircase.

The ground floor is a living room and kitchen with access to the yard, and on the upper floors are bedrooms with balconies.

The house has been completely renovated, with new electrics, new plumbing and redecorated. It is in a condition to rent or live in immediately.

The outside of the building is also in good condition and checked to ensure no repairs are necessary.

It has a south-west orientation and from the loft there is a view of the sea, towards the sunset, and the natural woods and fields.

The village has shops, bars, and other facilities and the nearest larger town with restaurants is 10 minutes drive.

Please contact our office on Hvar island to arrange a tour of the property.
