Immobilienbeschreibung

We are pleased to offer this apartment in a unique seafront location, on the top of a low rise building which is in the construction process.

The heavy work on the ground, first and second floors has been completed. The third floor is being added and a future buyer can arrange this penthouse to his own design, internally.

It is possible to create an entrance separately from the rest of the building.

Total living area of the apartment is 85 m2.

The apartment is South oriented.

A private parking place included in the price.

It is situated on a 'nothrough road' thus ensuring almost complete silence from vehicles.

The village of Brela is the nearest conurbation and is well equipped for tourist with bars, restaurants, bakery, pharmacy and other useful services, while the larger town with more attractions and night life is 15 km away.

International airport in Split is 65 km away.

Please contact our office in Split for the further information, and to arrange to visit this location.
