## Immobilienbeschreibung

---

We have this detached house bungalow built in 1972 set among mature gardens.

The living area inside is 80m2 and it sits on a good sized plot of 288m2.

The house consists of a hallway, bathroom, two bedrooms, living room, diningroom, kitchen, and the loft space is used as storage.

The property is habitable but needs redecorating and maybe some modernization.

It has wooden floors and many other practical and attractive features.

There is private parking for one vehicle.

Modern planning rules would allow the property to extended in size.

All infrastructure is present (telephone, city water supply, city drainage).

Distance from the sea and beach is cca 100 meters. Distance from the town centre is ten minutes' walk where there are several options for cafes, bars, restaurants and shops etc

For more information and a tour, contact our CPS Hvar office.
