Immobilienbeschreibung

It is our pleasure to introduce this project for the complex of villas that are decorated with traditional Dalmatian style stone architecture.

This complex consists of three beautiful villas. Each villa has a different residential area ranging from 135 m2 to 140 m2, and consists of two floors.

On the ground floor, right next to the entrance there is a staircase leading to the upper floor, and a small toilet located below them. In the extension there is a living room which has access to a covered terrace and the pool, and is connected with a beautiful and spacious kitchen and dining room with exit to the north side where there is a covered large fireplace and beautifully landscaped garden.

Next, there is one bedroom with a corresponding bathroom that can be used from the kitchen and dining room, and the room itself has direct access to the terrace and pool.

On the first floor there is one smaller and one larger bedroom and both can enter the shared large bathroom and both rooms have a direct exit to the balcony with a beautiful view of the town of Jezera and the beautiful Adriatic Sea.

The villa is surrounded by small walls, and the garden is cultivated in mediterranean style and thus blended into a Dalmatian ambience.

Each property has its own parking lot, a swimming pool, and a large and covered grill.

Distances:

- The center of the resort is 400 m away.
- The sea is 450 m away.
- Sibenik is 10 km away.
- Split Airport is 50 km away.
