Immobilienbeschreibung

It is our pleasure to introduce this house on the south side of Hvar island with a beautiful view of the sea and set on a large plot with a landscaped garden.

The house is located just two minutes' walk from the sea -250 meters - and consists of ground floor, first and second floor. On the ground floor there is a summer kitchen, fireplace and storage room.

The first and second floors are vertically divided. On one side there is a family apartment (kitchen and living room on the first floor, bedroom and bathroom on the second). On the other side there are two one-bedroom apartments, each on its own floor.

The property has been well maintained and is ready for immediate use. The low density of housing nearby creates a sense of calm but not isolation - very much what many tourists are looking for and expect when booking holidays in Croatia.

Distances:

- The centre of the village is 5 km away.
- The sea is 250 m away.

Please contact the Hvar office for questions and to arrange to visit this property.
