Immobilienbeschreibung

We are extremely excited to be the sole agent for this unique property in one of the most beautiful bays on the Adriatic.

It is a completely renovated family house that is now used as an apartment house. The house is located in a beautiful bay, around 10 km south-west of Vela Luka. It is located 10 meters from the sea, which you can access directly from the house by stone stairs. In addition to the property, there is also a dock for boat mooring.

The house is located on a large land plot of 1500 m², planted with 40 olive trees. The whole plot is surrounded by pine woods. The nearest house is located on the north side of the plot, 50 meters away. There are only 6 houses in the bay, which gives this property a true sense of privacy and serenity.

The house has a living area of 160 m² and consists of three separate units: ground floor of 60 m² and two apartments of 50 m² on the first floor. The ground floor consists of a bedroom, a kitchen, a living room, a laundry room, and an indoor and outdoor fireplace. Each apartment on the first floor has one bedroom and a bathroom, as well as a balcony and a terrace.

There are three more terraces around the house, each with its own shades and seating sets. It's all paved with natural stone.

For all further information about this property, please contact our CPS office in Split.
