## Immobilienbeschreibung

---

We are pleased to present this building land plot on the south side of the island of Hvar, 100 meters away from the nice pebble beaches.

The land is located above a beautiful large pebble beach and many smaller beaches around it.

The land is located on a slightly sloped terrain, which guarantees a view of the sea from a house that will be built on the plot.

Land area is 835 m<sup>2</sup>.

The plot is located in a quiet location, close to a restaurant, a store and the center of a small town that has a nice, little promenade along the sea.

For any additional questions, please contact our CPS office in Hvar.
