Opis nemovitosti

PRICE REDUCED FROM 85.000 EUR!!

We have this old village house, in need of renovation, in one of the most beautiful bays on the island.

It is situated only 90 m from the sea, in a small traditional village with shops, bakery, coffee bars, and family run restaurants.

The village has barely changed since it evolved around a small fishing and farming community - entirely charming, and a natural port, with olive groves and traditional crops grown in the poor quality farm land in the region.

As quiet and undisturbed a place as you could hope to find.

The house is terraced and consists of a ground floor, first floor and attic with a surface area of 90 m2.

The house also has a small courtyard and a small garden with shed/outhouse.

The property is in need of complete renovation, but some of the heavy work has been completed, as well as the connections for water and electric supplies.
