New in our offer!

Old stone house on three floors in a quiet location.

It is possible to live in the house as is, but we recommend renovation.

The house is located near the town center, the sea and the beach.

The house has ground floor and two floors, and a total of 78 m2 of living space.

At the moment there is a kitchen, dining room, living room and bathroom toilet on the ground floor.

On the first floor there is a large bedroom and a bathroom, and on the second floor there are two bedrooms.

By renovating the house, you can completely change the room layout.

For any further information please contact our CPS office.
