## Opis nemovitosti

---

Authentic old stone house in a small village, on two floors, up for complete renovation.

The house would have, after renovation, a residential area of about 120 m<sup>2</sup>. There is a large garden around the house, and there is also the possibility of installing a swimming pool.

The house can be reached by car, and it is located in a quiet location, about 3 km from the sea and the beautiful bay with beaches.

There is a post office, a tavern, a café and two shops in the immediate vicinity of the house.

This property has great potential after renovation and potential pool installation.

Our CPS office in Hvar is at your disposal for any further questions.
