Opis nemovitosti

Semi-detached, renovated old stone house.

Set in the quiet, shady, narrow street in the middle of the old town, surrounded by traditional stone houses and small tranquil squares, this charming, new built house, fully combines the best of two worlds – an indigenous Mediterranean lifestyle and pure modernism. The house was renovated in 2017.

Its spacious front yard with lounges and sunshades, surrounded by stone wall, providing full privacy, is connected with the living room and the kitchen by large sliding doors, making it more than 120 square meters of the open space, ideal for the outdoor, summer way of life.

Even it is located in the quiet neighborhood, villa is just a few steps away from the city center with shops, bars, restaurants, pharmacy and beautiful kids friendly pebble beach.

Villa spreads over two floors.

On the ground floor there is spacious living room with sofa bed that can be transformed into a comfortable double bed, fully equipped kitchen, bathroom with shower and storage with laundry washer.

On the first floor there are three bedrooms, two with the double bed and one with two single beds, large bathroom with the walk-in shower.
