## Opis nemovitosti

---

An old stone house in a row, in the center of a small village.

House has 3 floors and has 130 m2 of living space.

On the ground floor there is a business space (currently a grocery store), a kitchen and a bathroom.

On the first floor there are 2 large bedrooms, and on the second floor 4 bedrooms, of which two are small and two are slightly larger.

On the north side the house has a view of the 13th century church.

Orientation is North-South.

This property needs renovation, and represents a great investment, because even a small family hotel or a hostel can be built.

For any questions please contact our CPS office in Split.
