The three car garage has new doors installed and additional parking is available.

The first level has a kitchen, two bedrooms, bathroom, living room and a hallway with a staircase to the upper level, which has two bedrooms, a kitchen, dining room, bathroom, and a large open balcony presenting stunning views to the sea and surrounding mountains covered in lush pine trees and shrubs.

There is a garden area at the front and rear of the house, which is perfect for native trees, shrubs and organic fruits and vegetables.

There is town water and electricity to the home, and also a large underground water storage facility capturing water from the roof and powered by electricity to provide water to the house.
