Opis nemovitosti

A beautifully decorated new and modern apartment for sale in a semi-detached house, built in 2018, in a quiet and picturesque, once fishing, and today a tourist place.

The distance from the sea is only 300 m, from the center of Vis and the ferry port is about 9 km, and from small town Komiza is 16 km.

This one bedroom apartment on the high ground floor has 40 m² of living space, with special emphasis on offering two terraces, from which you can enjoy day and night a beautiful view of the sea, nearby islands and dense pine forest.

In addition to a modern kitchen and bathroom, it also consists of a bedroom that has access to one terrace, southeast oriented (8 m²), and a living room, which offers access to another, a covered terrace, south oriented, with a total area of 15.7 m².

The apartment has its own parking space, right in front of the main entrance, and a neatly paved road leads to the building.

There is a possibility of buying an apartment on the first floor, which is also the attic, also in the same, left wing of this semi-detached building at a price of 125,000 EUR.
