Opis nemovitosti

For sale is this old semi-detached house, located somewhere between Vis and Komiza, in a quiet neighborhood, surrounded by greenery and very beautiful nature.

Stiniva, one of the most famous and beautiful beaches on the island of Vis, is less than 2 km away from the property.

In addition to the property, there is an agricultural land of about 10 000 m2 for sale. On one of these plots there are 55 planted olive trees, and on the other plot there are 2 cisterns.

The house, with a total living area of 100 m2, spreads over 3 floors, and has 3 entrances, and each floor is connected by internal wooden stairs.

The ground floor has a hallway, bathroom, kitchen with dining room and living room. From the ground floor there is an exit to the terrace with a view of a large garden. Right next to the terrace there is an outdoor kitchen and a small house of 20 m2, which can serve as a tavern.

On the second floor of this property there are 2 bedrooms and a hallway, and the last floor consists of an attic.

The house is habitable, has all the necessary infrastructure, but needs renovation in some parts of the property.

The house also has an external staircase, where you climb from the ground floor to the entrance to the first floor. The staircase and the ground floor are lined with natural stone.

The house has access to an asphalt road, and more available parking spaces.
