Opis nemovitosti

Croatia Property Sales are pleased to offer this exceptional property in the walls of the Diocletian Palace, facing the sea.

The property is currently laid out as a 1 bedroom flat, with a kitchen, and dining area and open plan lounge. Part of the apartment has been sectioned off to be used by guests as a studio, with it's own kitchen and sleeping area.

The property is in fair condition and might need redecorating, but does not require major renovation, unless the design of the internal walls are altered.

The total sq m of the apartment is 57m sq., with the studio taking up an area of 11m sq.

***The apartment within the old town/ tourist area could have an income from renting at around 30k euro.

There are very few apartments that come for sale in such a prime location, overlooking the Riva, and this is being offered at a realistic price.

Please contact our office in Split with questions and requests to view the property.
