## Opis nemovitosti

---

We are pleased to offer this 3 story house in Kastela, just 80m from the sea.

It is a traditional Dalmation stone house, part of a terrace along a narrow street in the centre of the village, which sits between Trogir and Split.

The property is on 3 floors of the building, a total living area of 96m sq.

The ground floor has a kitchen, dining room, living room and bathroom, and stairs leading up to the first and second floors where there is one bedroom. On the 3rd floor is a spacious terrace and a gallery.

The property is habitable but needs redecorating and the building itself seems to be in good condition.

The area has plenty of facilities such as shops and bars and some very good restaurants and the sea and Riva walkway is just a few minutes walk.

The airport is 15 minutes drive and parking is 20m, but there is access to the building for unloading etc.

Please contact us for further information about this property.
