ID 1142 Lage Hvar Typ Baugrundstück Preis 110.000€ Stromanschluss Wasseranschluss Immobilienbeschreibung We are offering this very rare opportunity to buy building land in this historic village. It is situated below the road, at a distance of 3 km from the sea, adjacent to agricultural land, ensuring the 'edge of village' location for the future. The plot offers magnificent views of the village and countryside. The total land plot area is 1860 m2. The structural design of the house has to be in keeping with the area so must be built of stone or mortared with stone window frames and a sloping roof, and it would be advisable to have a "palace style" projecttraditionally a closed courtyard which was typical for prominent houses in this area. The maximum possible height of the building is 10 m + roof. Coefficient is 0.3, a coefficient of 1.0, which means that on a plot of 1000 m2 can build a house of 300m2 x 3 floors = 900m2 and 100m2 attic. The land is located close to the centre of the village, but still next to fields.

The nearest larger village has all the necessary facilities such as shops, bars and market, and is located

It is 20 minutes by car to reach the ferry terminal.

south of the main port, which has many daily ferries to Split all year.
