Immobilienbeschreibung

PRICE REDUCED FROM 149.000 EURO!!

House in the first row to the sea, on the island of Vis island.

The house is situated in a beautiful bay, only 10 m from the sea.

It is unfinished.

The layout of the house is 60 m2.

There is possibility to build 2 floors.

The building plot measures 287 m2.

The bay is located just 10 minutes by following the path from the village Marinje Earth.

The bay is on the south side of the island with a small pebble beach.

Very few people live on the island throughout the whole year, and the majority of tourists to the Dalmatia don't visit it either, but the few people who have chosen Vis as a destination for their second love it for its charm and natural state.

There are shops with essential items, restaurants, bars and other facilities, and any number of near deserted coves and beaches to enjoy.

Vis is connected by ferry from Split and the other islands.

The international airport of Split is located approx. 40 min.

Please contact our office in Split and talk to one of our agents for more.
