Immobilienbeschreibung

We have this building land plot on the south side of the island Ciovo in a great position near the village centre and on a beautiful part of the coast.

The shore is 400 meters, and here are many places for swimming, where it is safe for children to enjoy the sandy floor of the bay.

The larger town of Trogir, a UNESCO site of historical importance, is only 10 min. driving, while the international airport is 15 minutes away.

The land is surrounded by stone walls, and there is direct access to the road.

The total area is 945 m2, and has enough space to build a spacious villa with swimming pool, or apartment villa with three floors.

Electric power connection is located next to the land, while there are all the other utilities adjacent to the land.

On the higher floors there will be long sea views.

Please contact the office for more information and to arrange to visit this location.
