### **PRICE REDUCED FROM 250.000 EURO!!**

We have this charming restored old stone house in a quiet inland village on the island of Hvar.

It is 2 km from the sea, situated in the centre of a beautiful authentic village that is very peaceful, even in the height of the tourist season.

It is situated on the hill side with beautiful views of the village and the island of Brac.

The house has been completely renovated, both in and outside.

The house consists of a ground, first and second floor, with a total floor area of 100 m2.

The ground floor has a kitchen, dining room and living room.

There is an internal staircase that leads to the first floor where there are two bedrooms and a bathroom, and to the second floor where there is one bedroom and bathroom.

There is also an external staircase from the ground floor to the first floor.

The property is well decorated and ready for immediate living.

There is plenty of parking in the village, close to the property.

The village has a restaurant, and the nearest larger town is 2km where there is a range of shops, bars and cafes, as well as some great swimming areas and safe beaches.

It takes 5 minutes to get there on a bike, but 15minutes to get back.

For further information please contact our office and we can arrange a tour of the property.
