Immobilienbeschreibung

This is a farm cottage, situated in an ancient olive grove.

The property has access with solid macadam roadway.

The house has 30 m2 of gross developed surface, on a fabulous spacious plot of 9,100 m2.

The facility is legalized due to its historic presence.

The property does not have a close electric supply, but is suitable for installing solar panels. It has a water collection tank but will need a sewage disposal tank installed.

A swimming pool is in construction and should be finished soon. Also the reconstruction of the building is possible, provided it is on the existing surface.

Distance from the sea and the nearest village with shops, cafes and bars is 1.6 km.

The property provides maximum privacy on a large plot, the peaceful atmosphere of Mediterranean countryside while being near a village that offers all the facilities of a tourist destination.

For all questions and agreement about visiting the property we are at your service.
