We are pleased to present this ground floor apartment located in the center of a small village on Solta.

Lovely apartment, 45 m2 large, ideal for both family vacations or, considering it's central location, tourist rental business. The house has two entrances and can be simply divided by a partition.

This cozy apartment has a fabulous working fireplace for the winter period, two bedrooms with built in wardrobes, living room, kitchen and bathroom.

It is located just few meters from the sea and has car access.
