Immobilienbeschreibung

Old stone house on three floors, in the center of town.

The house has two beautiful terraces, which is rare in the old part of town. Nearby there are shops, restaurants, cafes, beaches, etc.

The house is livable, but needs a complete renovation.

On the ground floor is a big spacious space with a separate entrance. Behind it there is enough room to make a studio apartment.

There is also an indoor barbecue grill, and stairs leading to the first floor. On the first floor there is a hallway, bathroom, bedroom, living room, kitchen, dining room, as well as a large terrace.

The inner stairs lead to the second floor where there are two more rooms.

After the renovation it is possible to make a different arrangement of rooms.

The house is in a quiet location and city parking is possible near the property.
