## Immobilienbeschreibung

---

A semi-detached house near the sea and the city center.

On the ground floor there are two studio apartments, each with its own private terrace, front and back, and in the back there is an outdoor grill. Apartments need some modernization.

The outer staircase leads to the upper floor which consists of a spacious apartment. Below the stairs there is a storage. From the lobby on the right side there are two bedrooms (each with balcony access) and a bathroom on one side, and a living room and kitchen on the other.

The kitchen provides access to the south terrace.

The house is separated from the street by a spacious and beautifully maintained garden and terraces.

Next to the entrance there is a spacious garage, in front of which there is a covered outdoor parking.

The house is located near the sea, beach, ferry port, restaurants, shops, etc.
