Immobilienbeschreibung

This is a beautiful old-stone house in one of the oldest sections of Vela Luka.

The house, with a total living area of 220 m² is only a very short walk to the town center. Privacy is guaranteed within a closed inner courtyard.

The ground floor is the traditional "Konoba" which consists of an old wine cellar, a kitchen, a toilet and storage area. An outside staircase leads to an upper level where you will find three bedrooms and two spacious terraces of approximately 40 m² each. There is also a large entrance hall, bathroom and a staircase which leads to the attic and a large open living space.

This is a fine example of Dalmatian architecture.
