Immobilienbeschreibung

PRICE REDUCED FROM 795.000 EUR!!

Croatia Property sales are offering this superbly renovated island holiday Villa.

It is situated on Vis island, the most distant of the inhabited islands, on a hill with unobstructed views all round. The sea is 850m.

The house has an unusual history. It was formerly the island school, and many of the interesting architectural features have been retained.

It is a property with 300m sq of residential flooring. Including 6 bedrooms and five bathrooms. The plot is 1039m sq and the swimming pool is 30m sq.

On the ground floor are a kitchen, living room, 2 bedrooms and 2 bathrooms, (area 88m sq) the first floor has 2 bedrooms and 2 bathrooms, (area 85m sq) and an attic which has 2 bedrooms and a bath room. There is also a cellar 43m sq and below the property is a water tank.

There is parking for several cars on the premises, but since there are no near neighbours, space for a car will never be an issue!

Very few people live on the island throughout the whole year, and the majority of tourists to the Dalmatia don't visit it either, but the few people who have chosen Vis as a destination for their second love it for its charm and natural state.

There are shops with essential items, restaurants, bars and other facilities, and any number of near deserted coves and beaches to enjoy.

Please contact our office in Split and talk to one of our agents for more.
