Opis nekretnine

Modern house on two floors in the very center of Jelsa.

The house is newly built and unfurnished. The ground floor is 65 m2 and consists of a kitchen, a living room with a dining room, a bedroom and a bathroom.

The ground floor has access to the yard and garden, where there is a jacuzzi.

External stairs lead to a covered terrace where there is an entrance to the second floor, which is 40 m2, currently an empty space with a bathroom. The space has a high ceiling and gives the possibility of building a gallery.

The house is oriented to the west and has a beautiful view of the sunset.

The property does not have its own parking, but it is possible to rent covered parking for an additional fee.
